DIYA VINOD

+91 9566023483 | Coimbatore, India | dhiyavinodarrived@gmail.com | GitHub | LinkedIn | diyavinod.com

EDUCATION

KIT - Kalaignarkarunanidhi Institute of Technology 2024 - 2028
B.E. - CSE (Artificial Intelligence and Machine Learning) - 3rd year Current CGPA - 8.94/10

EXPERIENCE

DecodeLabs – Generative AI Intern (Remote) | May 20, 2026 – Jun 20, 2026
Developed LLM-powered workflows for prompt engineering, image generation, and RAG-based document analysis, improving information extraction and response generation.

ServiceNow Virtual Internship Programme
Completed ServiceNow Virtual Internship covering Administration, AI, Flows, ATF, and Reports.

PROJECTS

VaidyaAI - https://vaidyaai-frontend.onrender.com/
- Built a voice-first AI healthcare assistant for symptom analysis and medical triage
- Supports 12+ languages with speech input and AI-driven severity assessment
- Generates hospital suggestions and doctor-ready medical summaries
- Tech: React, FastAPI, Python, NLP, Speech APIs

INTERVUE - https://intervue-frontend-tgi7.onrender.com/
- Built an adaptive AI mock interview platform using LangGraph and LangChain for dynamic, role-specific interviews
- Designed resume/JD-aware question generation, answer evaluation, and deterministic adaptive decision engine
- Integrated voice-based interviews using Sarvam STT/TTS with FastAPI, PostgreSQL/Supabase, and OpenRouter LLMs
- Tech: React, TypeScript, FastAPI, LangChain, LangGraph, OpenRouter, Sarvam, PostgreSQL

AgroBuddy – AI Farming Assistant (Telegram Bot) - GitHub Repository
- Built a multimodal AI agricultural assistant for crop diagnosis and farming guidance
- Supports image, voice, and text interaction across multiple Indian languages
- Integrates LLMs, vision models, and conversational memory for personalized assistance
- Tech: Python, FastAPI, OpenRouter LLMs, Supabase, OpenCV, Telegram Bot API

NutriTrack - Online Meal Planner and Nutrition Tracker (MERN) - GitHub Repository
- Built a full-stack meal planner with food logging and personalized recommendations
- Developed REST APIs and MongoDB-based analytics for tracking nutrition data
- Tech: React, Node.js, Express, MongoDB

RentWise – ML-Based Rent Prediction System - GitHub Repository
- Built an XGBoost regression model for house rent prediction
- Deployed the ML model with a FastAPI backend and interactive React frontend
- Tech: React, FastAPI, Python, XGBoost

JobFit AI – AI Resume Analyzer Chrome Extension - Chrome Web Store Link
- Built an AI-powered Chrome extension that analyzes LinkedIn/Indeed job postings against PDF/DOC/DOCX resumes to generate ATS match scores, matched/missing skills, score-gap explanations, and recruiter-ready pitches
- Tech: JavaScript, Chrome Extensions API, Express.js, OpenRouter LLMs, Supabase

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C++, JavaScript
- **Frontend:** React, Vite, Tailwind CSS, HTML5, CSS3
- **Backend:** Node.js, Express.js, FastAPI, REST APIs
- **Databases:** MongoDB, MySQL
- **AI / ML:** NLP, LLMs, RAG, XGBoost, Scikit-learn, LangChain
- **APIs & Tools:** Web Speech API, Chrome Extensions API
- **Tools:** Git, GitHub, Postman, Vercel, Render, Supabase
- **Core:** Data Structures & Algorithms, OOP, Operating Systems, DBMS, Software Design

CERTIFICATIONS

- Get Started with Python – Google (Coursera)
- Python Essentials 1 & 2 - Cisco NetAcad
- Fundamentals of Deep Learning - Nvidia
- Deep Learning & Reinforcement Learning – IBM
- Problem Solving Through Programming in C – NPTEL
- 5-Day AI Agents Intensive Course with Google - Kaggle (Google)
- AWS Cloud Quest: Cloud Practitioner
- Algorithmic Graph Theory and Data Structures - NPTEL
- Data Base Management System - NPTEL

COMPETITIVE PROGRAMMING

- Solved 1750+ DSA problems across various coding platforms
- CodeChef: 3★ (Division 2) | Peak Rating: 1678
- LeetCode: 1886 Rating (Knight)
- Codeforces: 999 Rating | Peak: 1024 (Newbie)

ACHIEVEMENTS

- **Student Ambassador, AdyaAI** – Contributed to outreach and engagement for AI initiatives.
- **Finalist, East India Blockchain Summit 2.0, IIT Kharagpur** – Shortlisted among top teams for project innovation.
- **Department Rank 2, CSE (AI & ML)** – Secured top academic performance in First Year with 9.17 CGPA.
- **TNWISE 2026 & TN-IMPACT 2026 Hackathons** – Participated and developed technology solutions.
